创建数据库的语句

user_table			
id	username	pwd	nickname
integer	varchar(20)	varchar(20)	varchar(15)

create table if not exists user_table(

    -> id integer unsigned auto_increment,

    -> username varchar(20) not null,

    -> pwd varchar(20),

    -> nickname varchar(15),

    -> email varchar(26),

    -> primary key(id)

    ->)engine=innodb default charset=utf8;

tag_table		
id	tag_title	status
integer	varchar(20)	tinyint

create table if not exists tag_table (

    -> id integer unsigned auto_increment,

    -> tag_title varchar(20),

    -> status tinyint,

    -> primary key(id)

    ->)engine=innodb default charset=utf8;

blog_table						
id	title	tag	content	lasttime	status	read...
integer	varchar(20)	integer	text	timestamp	tinyint	inte...

```
create table if not exists blog_table (
-> id integer unsigned auto_increment,
-> title varchar(20),
-> tag integer,
-> content text,
-> lasttime timestamp,
-> status tinyint,
-> readnum integer,
-> good integer,
-> uid integer,
-> primary key(id)
-> )engine=innodb default charset=utf8;
```
